watch Bace Yesterday Declared Gil on Account of the Muddy Track-More Poor Starting Mars the Sport at Gravesend-Bookmakers Lose in Three Events

Owing to the muddy track at Gravesend owing to the imitady track at Gravesend pasterday the proposed match race between Roseben and Lady Amelia was declared of. The weather made it a foregone conclusion early in the day that the two great sprinters would not meet, so that thousands of turf enthusiasts who would have been on hand under more favorable conditions kept ben, as the big racer has always shown fondness for the mud, but Trainer Joyner realized, as soon as he saw the track, that to start Lady Amelia would only be inviting certain defeat. There is no chance now of ameeting at Gravesend, and as the Roseben people are not disposed to race at Brighton Beach for personal reasons, it is probable that it will be left for the Westchester Racing Association to make an offer for the match at Belmont Park, where Roseben with 147 pounds hung up a world's record for threequarters of a mile last fall. The question supremacy has caused a world of discussion among turfmen who want to have it definitely settled while both sprinters are fit and ready. The Westchester Racing Association can offer a purse for a race at eractly six furlongs, straightaway, in which event Roseben and Lady Amelia, picking up weight for age, would each carry 130 pounds owners of Roseben said yesterday that they would accept such a proposition from the Belmont Park management, but at present the attitude of Lady Amelia's handlers is not known. E. R. Thomas and Sydney Paget, however, are noted sports-men who do not believe in dodging an issue, and if Trainer Joyner's consent can be se eured the Ben Brush mare will be ready to measure strides with Roseben under suit-

able conditions. Starter Cassidy's work with the barrier resterday called for more unfavorable comment. True it is that he bad some very bad actors to contend with, but that did not excuse the general haphazard way in which he sent the horses off in four of the six races. In the first event Diamond kicked up an awful rumpus at the post. He did not care to face the barrier at all and his antics soon had the other horses and riders in an extremely pervous condition. One of the starter's ssistants tried to make Diamond break out of hand, but it was of no use. When the gate was sprung the field was at sixes and sevens.
Robin Hood, Van Ness, Pinkerton and Brushup
were off running, while Arklirta and Diamond, the two public choices, were practically left. in the second race, with only eight starters, Garnish, Tommy Waddell and Graciallo were off so poorly that the crowd jeered. The start in the third race was excellent, but when the field in the Albemarle Handicap was let go, Dishabille was as good as left. No fault could be found with the start in the fifth race, but in the sixth Taunt beat the gate. together with Landsman, while the others.

Up to the last moment Frank Farrell, Dave Johnson and their friends did not see how Arklirta could defeat Diamond in the first race. But just before the horses reached the post the Farrell-Johnson combination began to bet on Arklirta heavily, with the result that he was pounded down from 5 to 2, to 9 to 5. He was lucky to win at that, his success being due to the fact that he was much the best and received a splendid ride from Miller. Judging from the way the price went up, the Thomas-Paget confederacy did not bet much on Diamond, who opened the choice at 8 to 5, only to recede to 11 to 5. Right and True was backed down to 8 to no purpose, while Van Ness and Robin Hood, who got into the money at long odds, were generally passed up. Robin Hood showed a big improvement over his previous race, but this was probably due to the going.

The big operators and the public bet the limit on Far West, in the second race." the last moment. Martin, who had the leg up, was out for the money, for he took no chances and made every post a winning one.
Fish Hawk was neglected, but there was McKinnes agenerous play on Garnish, Chimney Sweep and Graziallo across the boards. With Miller up, The Cricket was lowered from

on Running Water in the Albemarle Stakes, for some unknown reason. They feared Coy Maid, it was said, the latter being played down to 13 to 5 from 3 to 1. The Western crowd, on the other hand, went to True Wing, who received enough backing to send her to the post a slight favorite over Running Water. Dishabille was also heavily backed for the place. When Running Water came home in front, therefore, the books got a slight breathing spell after their heavy losses

on the first three races. Then came the crushing defeat of Leonard Joe Hayman, in the fifth event. Having won several races of this kind in impressive style and being a noted mudlark the Linden seiding looked a real good thing, even at 4 to 5, and the players went to him with much emidence. But this time he was nothing more than a lemon. Did the Haymans bet on him? Lots of people were anxious to and this out after the race. There was a fair amount of backing for Woolwich, who went up a point to 7, the bulk of this support being in the place and show books. Bragg was also well taken across the boards, but plenty of money was burned up on Jennie McCabe and

Neptunus.

The books cleaned up on the last race, as Teny Aste's Herman carried bundles of fat sheet. checks, 2 to 1 being pounded down to 7 to 5. H. B. Duryea's Hickory, a full brother to quickly went up to 5 to 1 because of his inability to go in the mud. Col. Jack was well played three ways at 10, but Landsman, who ran second at 50, had comparatively no following. There was a good play on Narelle, Miller up, but it went for nothing.

Woolwich, who was entered in the fifth event to be sold for \$1,000, was bid up and purchased by J. D. Odom for \$1,900. He has changed hands several times. Frank O'Neill bought aim early in the year from August Belmont,

Up to the fourth race at Gravesend yesterday the Gookmakers were in much distress, but after that they managed to get back some of their losses, though many of them finished on the wrong side of the ledger for the day. The track was heavy, owing to the rain that fell during the night and most of the merning, and mudarks were in great demand. With the match race between Roseben and Lady Amelia declared off, the feature was the Albemarie Handloap, for mares of all ages, at a mile and a sixteenth. For some reason the mart bettors did not foncy the clasues of the Newcastle Steble's Running Water, who went up in the odds from 7 to 5 to 5 to 2, while Coy Maid was hammered down to 13 to 5 and the Wing was; made the finel choice at 11 to 5. After a bad start True Wing proceeded basks the pace, but stopped when the crisis

arrived. Miller had all the luck with Running Water, taking her to the front at the head of the stretch and bringing her home an easy winner by three lengths in 1:50. Coy Maid, who was the runner up, atood a hard drive through the stretch and just managed to beat through the top weight, 5 to 1, by a neae, the latter running a fine tace after being left at the post.

Frank J. Farreil's Arklirta, backed down to \$ to \$, was many pounds the best in the first race, for platers, at about six furlongs, lie was practically left at the barrier in a ragged start, but Miller persevered with him until, making a great run through the homestretch, he got up in time to win by half a length in 1:12 2-8. Robin Hood, 12 to 1, who beat the gate, led to the last furlong pole, but gave way to van Ness, 12 to 1, who beat the malf a length for the place. Diamond, who went up in 140 betting to 11 to 5, was off poorly too, and Shaw eased him up in the stretch when he saw he had no chance.

M. L. Schwartz's Far West, backed down to even money, made all the running in the second event, a handleap for all ages at a mile and a sixteenth, winning in a gallop in 1:49 4-5. The two-year-old Fish Hawk, 10 to 1, had no trouble in taking she place from Garnish, 6 to 1, by three lengths.

They're Off, a really high class colt, who was a hot favorite at even money, made the pace in the third event, for two-year-olds, five and a half furlongs, and breezed home by hinself three lengths before August Belmont's Glamor, backed down to 7 to 2. Arimo, 5 to 1, was beaten half a length for the place. Gold Lady, 7 to 2, off slowly, never improved her position. The time was 1:08 2-5.

Leonard Joe Hayman, 4 to 5 favorite, was run off his feet in the first three-quarters of a mile in the fifth event, at a mile and a furlong, by Bragg, 15 to 1. The latter should have won, but Hildebrand rode a weak finish, and Woolwich, 7 to 1, coming from the ruck, beat him aneck in 1:58 2-5. Bragg had a length and a half over Neptunus, 5 to 1. The favorite was a diagraceful last.

Col. Jack, a 10 to 1 shot, was at his best in the last race, for maiden two-year-olds, about six furlongs:

TO-DAY'S CARD FOR GRAVESEND.

The Seabreeze Stakes for three year-olds, one mile and a sixteenth, is the feature of the Gravesend card for to-day, with Rye, Wes, Belle of Pequest, James Reddick and L. J. Hayman the best. Halifax has top weight in the opening event, a handicap at about six furiongs, with Dr. Gardner, Far West, Keator and other sprinters to best. In another handicap for all ages, one mile and a half, Angler concedes weight to Belle of Jessamine, Lancastrian, Red Friar and others.

Two-year-olds will run in the second race, about six furiongs, with Ace High, El Dorado, Killochan, Waterbury, Blondy, Royal Breeze and Stray figuring well. Maiden two-year-old fillies will meet in the fifth race at five and a haif furiongs, with Allofavor, Surveillance, Irvine, Princess Nettle and Lady Vincent the most prominent. In the last event, at one mile and a sixteenth, Anneta Lady, Ed Ball, Belmere, Lady Navarre and John Lyle are worthy of consideration. The entries follow:

Miss Ladew Upset in a Runaway, but Out side the Ring-Field Day for Elsinore Farm With Varied Exhibits-Clarence H. Mackay Wins in Tandem Class.

A runsway marked the opening of the horse show at the Queens-Nassau fair yesterday afternoon, is which Miss Elsie Ladew and her brother Harvey were upset, but with no harm done. It occurred as Miss Ladew drove her ponies All Taere and Duty across the turf to enter the ring. Unused to being sent along on grass, the ponies got their beads and after wild dash of 100 yards they made a short turn that overthrew the runabout. The upset brought the well mannered ponies to their senses. The pair had to be taken to the stable for another trap, as the first runabout had been battered some, which made a delay in starting the class. When officially before the notice of the judges the ponies were on their best behavior and Miss Ladew won the blue the chestnut geldings Dauntless and Afterall The off horse in Miss Maxwell's gair had al the style.

It was a great day for Elsinore Farm, for the mishap brought only good luck to the Ladews. They won in cattle, swine, sheep and poultry classes, while the Elsinore ex-hitts also led in many of the vegetable displays. The farm, too, won in the breeding as well as the regular horse show classes. Aside from Mrs. E. R. Ladew, the only amateur farmer to beat the regulars for the vegetable premiums was Walter R. Willets of Roslyn, John S. Hennessy, also of Roslyn, won the \$40 special for the best collection of vegetables and roots for table use. He exhibited forty different sorts. Joseph W. Ritchie won a prize for the three biggest pumpkins ever shown at Mineola. They weighed 110, 107 and 98 pounds. This limit is beaten out of sight at inland fairs, but they do not go in much for mammoth pumpkins on Long Island. The real farmers cast admiring eyes at the large gourds, but they guessed they were too coarse grained for anything except

"I w'd heft one of 'em for fun when I was younger," remarked a graybeard. "I c'd pitch a barrel of pork inter a waggin when I wuz with th' Army of the Potomac, but I don't do no liftin' now fur fun."

The trotting and pacing races were off on account of the heavy track. There will be six races to-day, the first at 10:30 A. M., to make up. There were two running races, the open air circus and the horse show going on, however, besides the continuous performances of the side show. The horse classes were judged on an inclosed track in the innerfield. The rails were lined five and six deep with men, women and children, many of whom did not take their eyes off the ribbon candidates even when the plump young women in tights were performing on the trapeze. The reserved boxes, thirty-four in number, were empty except eight. Society, for once, stayed away from the horse show in fear of the showers. "I w'd heft one of 'em for fun when I was

Miss Maxwell had her revenge on Miss Ladew in the class for pairs driven by a woman, Venus and Adonis stepping in perfect accord and winning the blue. Miss Ladew drove the bays entered by M. L. and A. C. Schwartz, The Spider and The Fly, very handsome actors. A very showy pair of imported hackney mares, Lady Umberto and English Girl, won the blue in the tandem class for Clarence H. Mackay. The pair won at Syracuse two weeks ago. He has now a fine driving stable, which includes fours of hackneys and trotters, and the Mackay entries may often be seen at shows in the future. Miss Maxwell's Venus and Adonis, driven by her manager, were second in this class and J. Campbell Thompson third with Cambridge King and Mayo, harsh treatment his friends thought. Mrs. James E. Martin, with a gray wheeler and black leader, Blizzard and Amorita, showed a sporty pair. The classes for hunters revealed the strength of Mrs. Thomas Hitchcock's, Jr.'s, string. She had no less than eight in one class, all good ones, and took first and second with Kinsman and Jouac King. Mrs. Reginald Brooks showed a workmanlike and clever jumper in Boxer, third to the above two.

Jouac King. Mrs. Reginald Brooks showed a workmanlike and clever jumper in Boxer, third to the above two.

A class of saddle horses, 14.2 and not over 15.7 hands, brought in no less than nine and all good ones. They included Katzenjammer Kid, with Miss Ladew up; Gallant, ridden by Miss Leila Morris, and Mrs. Thomas Hastings's thoroughbred looking chestnut Joedee, ridden by a little girl astride. The blue was a well earned award for Mrs. W. S. Elliott's Lolita, the class of the lot, with Elliott up. Thomas J. Regan's Springhurst Queen was second and George L. Clark's black gelding Parader third. With the country folks along the rails having a vote Parader would have won. Clark, who twenty-live years ago used to ride a bronco and show the trotters to halter at the American Institute sales, has a high school horse in Parader and could not forego the temptation to do some stunts. These caught the crowd, but he would have made more progress with the judges by sticking to the walk, trot and canter. Parader, the only long talled horse in the class, certainly made a pretty picture—but it was not Hoyle. A. B. Maclay, H. V. Colt and C. H. Harkamp were the saddle horse judges and James T. Hyde, George B. Holme and Louis Haight judged the harness horses.

Eight horses were a tight fit on the narrow track in the open three-quarter mile dash, but Starter Klotz sent the field off in perfect alignment.

"Work like that without a barrier deserves Cassidy's job." commented Judge Hyde. Billy Roche, Adjutor and Little Don were fighting for the lead at the quarter, but the former won by three open lengths. Daly's Tomcod was fourth. There were also cighting the polo peny scramble, for which there was another fine start. Dick Donnelly, the rider of high jumpers, had a mount and also J. O'Brien, son of Miles O'Brien, but neither had a chanco. Katie led until the last few jumps, when Remorse got up and nipped the race on the post. The summaries:

New Haven, Sept. 27.—On a wet and slip-pery gridiron the Yale squad was put through fifteen minutes of fast scrimmage to-day. fifteen minutes of fast scrimmage to-day, the longest and sharpest yet. Line bucking, especially by Roome, was a feature of the practice but the gains made thereby were not of sufficient distance to secure many first downs, and short tacks and forward passes were resorted to to make the distance. But one touchdown was made and that by a fluke ward pass put it directly in Veeder's nancie on the opposing side and he had a clear field Except for this neither goal was threatened. Veader replaced Knox at left halfback on the varsity to-day. He was apparently the man for the same place a year ago until crowder out by other backs. to the Yale conches or captain whether he will enter rale again or not.

PRINCETON, N. J., Sept. 27.—Mud was thicker than water on University Field this afternoon, but that did not stop the Tiger squad from going through a hard scrimmage. The rain felt all morning, leaving the gridiron pretty well soaked and heavy with mud. Over fifty men were out for practice.

A fifteen minute sorimmage was run off in which the scrub held the varsity to a zero score. After a kick off the varsity got the ball and tried to rush it, but was frequently penalized for offside play. Then the scrub took a crack at offensive play and succeeded in getting within striking distance of the varsity's goal. They were held for downs. Schwab, the scrub quarter back, received the ball and dropped a pretty one over from about the thirty-five yard line. This concluded the scoring. Hooks played fullback in place of McCormick, who has not yet got into a scrimmage. Phillips took Herring's position at right tackle. Daub and Tibbott played the other backfield positions. The Tigers tried the long forward pass to-day, but it did not go as well as it does on paper. There was considerable fumbling in the attempts to work it.

The training table was started to-day. Phillips, McCormick, Tibbott, E. Dillon and Stannard were taken on. All of these men have won their "P" in football, last year or before.

Cambridge, Sept. 27.—The Harvard foot-

Campunger, Sept. '7.—The Harvard football squad came out in the open for its practice this afternoon, holding its acrimmage where the public could see it for the first time. More than 700 undergraduates came down to have a look at the team, and the men got an enthusias, ic reception as they trotted onto the field. The work of the first and second teams was decidedly poorer to-day than yesterday, when the men showed the best football they have played this year. The forward pass was tried but once to-day, and then the varsity lost the ball on its own 35 yard line. The only time the quarterback kick was tried it was also a failure. Neither team was able to score in ten minutes of play. Inches was put at right tackle on the varsity in Sibley's place to-day because of his good work in the scrimmage yesterday. Six other new men came out to-day, the most promising among them being Gus Gilder, who was one of the sublquarterbacks on the varsity last fall, and Harding and Gidding, halfback and end, respectively, on the second team last fall. Capt. Foster and Burr showed up well in the punting, both booting the ball more

New York University's football squad has appeared for practice on Ohio field. About thirty-five men responded to Capt. Van Horne's call for candidates; among those of last year's squad are Perry, Dougherty, J. Brown Mowen, Shiras, Keefer and Johnson. The work of the team was very light, consisting chiefly in catching punts and failing on the ball. Douglass J. Church, a former Dartmouth end, has been engaged as coach.

ANNAPOLIS, Md., Sept. 27.—Candidates for the Navy football team are coming in every day and increasing the size of the squad. Bernard and Jones, both substitute haives last season, joined the squad to-day and were very welcome, as good backs are needed. Hibbard, a fourth classman, is punting finely and may be used if he does fairly well along other lines. The crew has furnished two strong men in Ingram and Leighton. The former is stroke and captain for next year and is trying for fullback. Leighton pla yed tackle on the Andover eleven two years ago and will try for the same position on the Navy team.

DEFEAT AND DRAW FOR NEW YORKS IN CLEVELAND.

Chicages Improve the Shining Hour by Taking a Game From the Washingtons -Detroits Shut Out the Philadelphias and Browns Win From the Bostons. The American League pennant for this year

receded still further from the New Yorks yesterday. They moved on to Cleveland, played a double header and lost the frat game and tied the second. The Chicagos improved the shining hour by defeating the Washingtons and widening the gap. The New Yorks, meanwhile, are being hard pressed for second place and are in danger of losing that position to-day. The Western teams cleaned up yesterday. The Detroits whitewashed the Phila-delphias and the Browns drubbed the Bostons.

STANDING OF THE CLUBS.

CLEVELAND, Sept. 27 .- After Icsing one game to the Naps, pennant chasers, too, the New Yorks this afternoon succeeded in tying un the second in the sixth inning after which Hurst called the game on account of darkness. The first game was a swatfest on the part of the Clevelands, ten runs being scored to New York's one, while the second was a bettle royal of pitchers, Rhoades and the tantalizingly slow Doyle being opposed in the match that ended 2 to 2. Clark Griffith himself came to the rescue of Chesbro in the first game, but, it was useless. The Naps had on their swatting uniforms and Griffith, too, was liberal with bases on balls, starting in noble effort to dispose of heavy hitters and ending up with forcing in one run by the

The Nans started in the all for the visitors. The Naps started in the same inning. Jackson drew a pass and scored on Stovall's sacrifice, a passed ball and Lajoie's single. In the lifth three were scored, Flick, Rossman and Larry crossing the pan on Flick's hit, a fielder's choice on Rossman's drive, on which Elberfeld failed to catch him at second, a fielder's choice on Clarke's bunt and an error on the same play, thase throwing past third. Jackson's double scored the last two in this inning. In the sixth two, Lajoie and Congalton, scored, on Lajoie's hit, Chase's error on Congalton's bunt, Flick's fly out and a single by Rossman. In the seventh three more came across, Turner, Lajoie and Flick. Turner, Lajoie, Congalton and Bernhard did this by singles. Turner drew a pass in the eighth and scored on Lajoie's single and a fly out.

In the second game New York scored in the fourth on Keeler's hit, a stolen base and Williams's fly out to Flick. Again the score was tied in the sixth by Fiberfeld's single followed by Keeler's safety. The Naps scored their two in a bunch in the fourth. NEW YORKS VS. CHICAGOS. Records Made by the Four Teams in

Sezaon's Baseball Series. The New York Americans lost the acason's series to the Chicagos, ten games to twelve, with one tie game; and the New York Nationals won seven games from the Chicago National, lost fifteen to them and played one twelve inning tie with the Cubs. This makes it look as if there were twenty-three games bet ween the New Yorks and Cubs. ut there were only twenty-two. One of the Chicago victories was the game for-feited by the New Yorks, the day Umpire Johnstone was barred from the Polo Grounds In the American League series the Yorks started out prosperously against the White Sox and wound up strongly against them, but came in for frequent hard jolts in New York Americans puthit their rivals, but were outfielded and out-scored. East Jersey Champtonship To-day at Deal Reach.

Players of the East Jersey Golf League, which comprises Roseville, Forest Hill, Glen Ridge, Cance Brook, Elizabeth and the South Orange clubs, will begin their seventh annual individual championship te-day at the Deal Golf and Country Club. There will be about thirty starters, as the competition is limited to members who have played in at least three matches of the team series. There will be an eighteen hole score round this morning, the best eight to keep on for the title. There will be an open thirty-six hole handicap tomorrow, stimies being carred, so that the semi-finalists and finalists may play. The handicap is open to all members. Howard cliffen won the title last year at Baltusrol and also in 1990, 1901 and 1903. Bradshaw won in 1902 and Thompson in 1904. to members who have played in at least three

An Englishman has a patent on a golf ball with mercury inside the rubber core, and now comes the mercury golf driver. Arthur Smith, former Western open champion, has invented the club. According to the Chicago Golfer's Magazine, the driver "contains a steel tube haif filled with mercury. During the downward part of the stroke the quick-sliver is collected at the back of the tube. At the instant of contact of club and ball, as the head of the club is retarded, the mercury strikes the front end of the tube, giving an acceleration to the ball and a follow through to the club. It is asserted that greater distance is obtained with the mercury driver than with other clubs."

A number of the Eastern professionals have heard of the invention, but they do not warm to it. "Until I try such a club it is little use in discussing the notion," said George Low, the M. G. A. open champion. "Regarding Smith's theory, however, it is open to discussion whether when fairly struck the club is retarded by the ball. With a sweeping, following on stroke the club moves without any perceptible check. The efficacy of the follow through is due to the drive being made without any pause at all with the impact."

Mrs. A. T. H. Brower, president of the Women's Western Golf Association, has written to the committée of the Women's Eastern Golf Association that she feels confident a team of twenty will come to Brae Burn for the first match between the West and East on October 6. A team of twelve, headed by Mrs. Brower, will play a match with the Canadian women at Toronto on October 2, on their way to Brae Burn, where the Women's National championship is to follow the West and East match. The Country Club at Brookline has arranged for a women's one day tournament on October 15.

PRINCETON, Sept. 27.—In the handicap this afternoon Howard Gee. 1997, won the low gross score prize and broke the competition record for the course. The card: The former record of 77 was held by Frank O. Reinhart. The course is 6,240 yards in length, bogev eighty-two. Gee also won first net prize. Snakard, 1993, and Hunt, 1993, tied for second net prize.
